1967 SCOOP VOL. XXIX

JACKSON MEMORIAL HIGH SCHOOL, Massillon Ohio

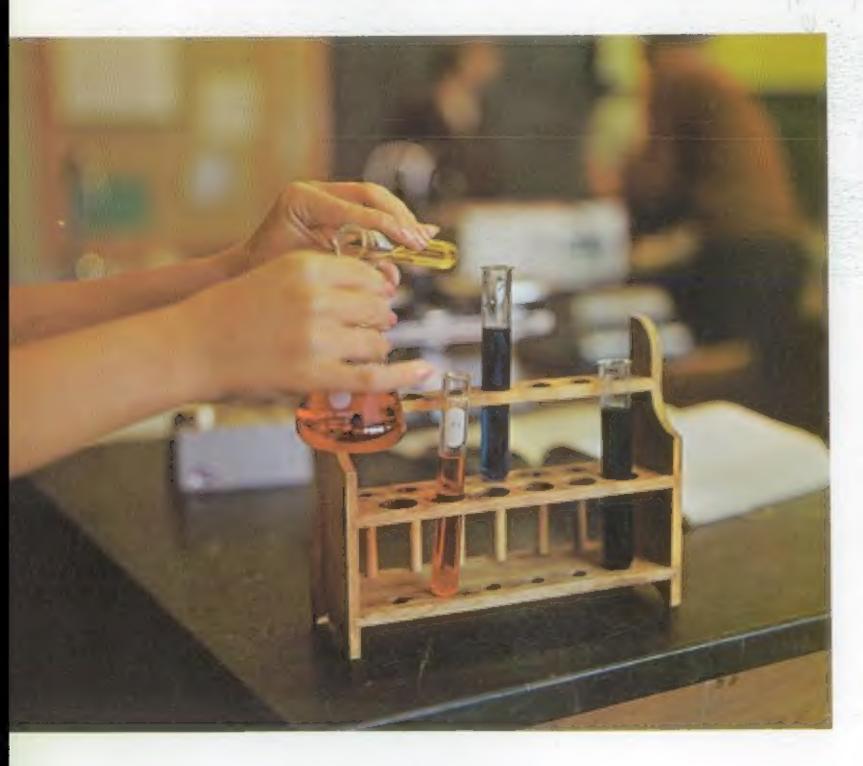

# "There is no royal road to learning"

The road to learning is a long road which we travel all our lives. Yet the greatest distance is traveled our high school years. During these years, this road takes on the greatest variety of looks. One day it is paved and smooth, the next it is dusty and rough. The 1967 SCOOP staff has tried, this year, to capture the road of learning at Jackson High School with its many faces. We are sure, that as the years go by, this book will become one of the most treasured guide posts of the long road which you have traveled.

CLASSES '67

### THE SENIOR CLASS OF 1967

The time in our lives which we have all so eagerly anticipated has at last become a reality. Though the initial reaction at the thought of our graduation is one of sheer ecstasy, I'm sure all of us cannot help but be a little apprehensive about the future as we prepare to take an important step in our lives. Although our pursuits will undoubtedly be many and varied, there is one guideline by which all of us can try to pattern our lives: regardless of what path is taken, it must be remembered that, as adults, it is our obligation to contribute to, rather than hinder society or, as our class motto puts it, we must be part of the answer and not part of the problem. We are not only indebted to society, but also to our parents and teachers who have tried to the best of their ability to prepare us for the world. Also, as we enter the second phase of our lives, let us not forget that there is still time to amend mistakes which we have made and to resolve to attain the goals which we have set. Best of luck to the Class of 19671

## **JUNIORS**

As the graduating class of "68" we will soon be receiving the title of "The Senior Class". When we accept this title we accept much more than a name, we accept an obligation an obligation to the incoming students and the underclassmen. We no longer pattern ourselves after the upperclassmen but now we are the patterns. We are going to be the examples that the underclassmen view and we must assure ourselves that these examples will be truly "seniors". We are no longer the followers but now we are the leaders. Let us make sure that the coming year is advantageous not only for ourselves but for the whole student body.

Advisors to the junior class are Mr. Lindesmith, Miss McCoy, and Mr. Geib

### **FRESHMEN**

When the class of '70 entered Jackson High School last fall, many things were new and strange to us. Most of us thought that we would never quite fit into high school life. But through various school organizations, we have become an important part of Jackson High.

Our class has done its share of work this year, but we must not stop here. We must take up the work of the classes before us and work to keep Jackson the great high school that it is.

### '66-'67 Basketball

Jackson had a rough season on the hardwood this year. The record of 3-15 doesn't quite do justice to the team of boys who fought with all they had and continued to show great spirit even after fifteen losses—several of which were close heartbreakers. The continued spirit finally paid off because the Bears ended the season with a string of three wins. Although the season wasn't a spectacular one, the drive and courage that each player showed was outstanding

Miss Jennifer Nelson had watched for her last three years of high school as the preceding basketball queens were honored by victories from their respective teams. Now in her Senior year and as 1967 Basketball Homecoming Queen, Jennifer reigned over Jackson's first victory of the season on February 4.

The Bears pulled a sharp victory over Lehman, 46 to 35.

Jennifer was attended by four lovely young ladies. They were senior. Pam Nusbaumer junior Cindy Heisser, sophomore, Linda Platzer, and freshman, Barb Harter. The queen and her court were honored at a dance following the game.

### Wrestling

The wrestling team had an outstanding season this year. Under the leadership of Coach Berg, the team headed by a hard core of seven returning lettermen rolled up an impressive 7-3 record and got second place in the league. Many of the meets were very close and the great team spirit was always apparent. All the wrestlers showed great drive and skill. One of them finished first and four finished second in the sectional and went on to competition in the district. The excellence with which the young wrestlers handled themselves indicates that Jackson is here to stay as a wrestling power in the county.

Students

At this moment, the finishing touches are being put on the '67 SCOOP. We have worked hard and long on this book. We think it will be the best in Jackson's history and we hope you will agree with us

We would at this time like to thank the many people who made this annual possible. Thanks go to Troup and Pluto Studios for the fine job of photography and the help they gave us. Our thanks also to the Taylor Publishing Company and Mr. Rex Johnson, their representative, for answering our many, many questions. Our appreciation also to the companies who bought ads, and to the entire faculty and administration for their patience and cooperation. To Mr. Ramga we would give special thanks. Without his advice, guidance, and long hours of work this annual would not have been the success it is. Again thanks to all who have helped to make the 1967 SCOOP possible.

Sincerely yours,

Karen Bushman and Cindy Rhein Co-editors

## An idea can go through anything

Here's a close-up of our new \$5,000,000 facility called Timken Research

We expect great ideas to come out of this building

It's located outside Canton, Ohio, about ten miles from our headquarters and main plant

Timken Research is one of the largest research and development centers in the bearing industry. Here we match up tough problems and inquisitive people. Problems we'll have forever. But how about people?

Who II be pushing pencils through tomorrow? Maith you if you stay in school if you stick to your studies. Career opportunities in research in engineering in whatever lare open to those who work. And closed to those who went

Remember that unemployment among drop outs is twice that of the general population. And drapouts stay unemployed longer

# The Pursuit of Excellence

A leading business firm uses as its trade mark an illustration of a hand reaching for the stars. They explain that you don't always get a star by reaching for one; on the other hand, you don't wind up with a handful of mud.

There's a lot to be said for doing the best you possibly can all the time. If you don't, you may never find out how good you are.

### "Senior Have The Last Word"

This being the last year in high school for the members of the Class of '67, we thought it would be appropriate for the Seniors to have the "last words". Here are some questions asked of the Seniors on the topics of graduation and high school, and how they thoughtfully (?) answered them.

### What have your high school years meant to you?

JILL STARK—High school is the first step in gaining the best things that life has to offer. It is the boy and girl who work to the best of their ability in high school who will build a solid foundation for the future.

KEN ROUSH—My high school years have meant very much to me. They have taught me character and helped me build my personality

MIKE ROUSH—Although it took me four years to realize it, my high school years have had a big bearing on my life. These have been the years which will decide my future. BARB HUGHES—My high school years have meant to me four years of drastic change, filled with headaches and happiness. I've grown wiser and more confident

BARB PREECE-Not much, because I never thought of the future until almost my Senior year. But now it's quite late to worry about it, so I'm not

DAVE WEB8-My high school years have been a preparation for life. In coming to Jackson this year I have made many friendships which I hope will be lasting ones

### Why are you or aren't you looking forward to graduation?

BECKY HOWALD—I'll be sad when graduation day comes, but yet as I Jackson, and then glance ahead at the future, I am happy and thankful that I am able to pase on to my fellow mankind all the wonderful things that I have experienced thro living

FIM KULLA—Graduation only happens one in your lifetime and man am I glad! The best feeling I have is to know I have a high school educat-

CHERYL SUITE—My feelings are mixed; twelve years is a long time Graduation will seem like ending an important chapter in my life and beginning another, more challenging chapter, filled with new faces and experiences.

MIMI SCHARVER—The only thing I regret is that one phase of life has ended and can't be relived

BONNIE LYONS—Actually, what I look forward to most is no homework for awhile. At Jackson there's more than enough of that!

SANDI MOBBERLEY—I face graduation with mixed feelings: I will be sad to think of missing my friends and good times, while overjoyed to do what I have prepared twelve years to do.

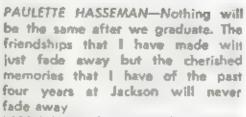

### What feelings do you have about your graduation?

808 CRAIG—Graduation is going to be a time of sudden insecurity. Right now we are all secure, so why graduate?

ED BREYFOGLE—Graduation is an end, as well as a beginning. As we leave high school, we are only at the beginning of our lives. Graduation is only one more rung on the ladder of life.

(ARRY PRITZ—I am eagerly awaiting graduation
